Austrian Gas Grid Management AG

Manual

# EIC Request

AGGM Platform

# EIC Request

## General Information

- ▶ The European scheme of Energy Identification Codes (EIC) was implemented for clear and effective data communication.
- ▶ As the Local Issuing Office (LIO), AGGM is responsible for issuing EICs in the Austrian market areas.
- ▶ EICs can be applied for in the public area of the [AGGM platform](#) under One-Stop-Shop > EIC allocation.

# EIC Request

## General Information

- ▶ International codes are transmitted to ENTSO-E. ENTSO-E is the European coordination body for the allocation of EICs (Central Issuing Office).
- ▶ The active EICs are published on the [AGGM platform](#), international EICs are also published on the [ENTSO-E website](#).
