

## Competence Center Training

AGGM Austrian Gas Grid Management AG performs the functions of the market area manager in the Austrian market area East as well as the distribution area manager in the Austrian distribution areas East, Tyrol and Vorarlberg and supports the functioning of the gas market throughout Federal territory of Austria as an independent system operator.

AGGM stands for transparency, openness and dialogue and is equally committed to all market participants.

The aim of our one-day Competence Center Training is to provide you with a deep understanding of the entire Austrian gas market in all its facets and thus underlines AGGM's active communication strategy.

We look forward to welcoming you to the Competence Center Training at AGGM.
